

Acer - Maple

Clump-form Amur Maple

Acer ginnala

Mature Size: 20' x 15' (6 m x 5 m)
Fall Foliage: Red

Crown Shape: Rounded
Hardiness: Zone 2

Multi-stemmed specimen of this cold hardy species. Recognized for its three-lobed leaves. Our seed source produces extremely red fruit and leaves in fall.

Royal Crown Amur Maple

Acer ginnala 'JefUM'

Mature Size: 20' x 15' (6 m x 5 m)
Fall Foliage: Red

Crown Shape: Rounded
Hardiness: Zone 2

An alkali-resistant selection of Amur Maple from research at the University of Manitoba. Three-lobed leaves with red fall colour. Consistently maintains a three-stem clump.

Tree-form Amur Maple

Acer ginnala

Mature Size: 20' x 15' (6 m x 5 m)
Fall Foliage: Red

Crown Shape: Upright, rounded
Hardiness: Zone 2

Single stem, tree-form specimen of this cold hardy species. Recognized for its three-lobed leaves. Our seed source produces extremely red fruit and leaves in fall.

Ventura™ Hybrid Maple

Acer x 'Durone'

Mature Size: 20' x 15' (6 m x 5 m)
Fall Foliage: Orange-yellow

Crown Shape: Upright, spreading
Hardiness: Zone 2

A vigorous tree-form selection from a cross between Tatarian and Amur Maple. Tolerant of alkaline soil. Developed by Rick Durand, Prairie Shade Nursery.

Baron Boxelder Maple

Acer negundo 'Baron'

Mature Size: 50' x 30' (12 x 9 m)
Fall Foliage: Bright-yellow

Crown Shape: Rounded
Hardiness: Zone 2

A seedless selection from this rugged native species. Attractive compound foliage. Well adapted to a wide range of growing conditions.

Boxelder Maple

Acer negundo

Mature Size: 50' x 30' (12 x 9 m)
Fall Foliage: Bright-yellow

Crown Shape: Rounded
Hardiness: Zone 2

A native tree species found throughout southern Manitoba and Saskatchewan. Attractive compound foliage. Adapted to a range of growing conditions including difficult sites.

Autumn Blaze Freeman Maple

Acer x freemanii 'Jeffersred'

Mature Size: 50' x 30' (12 x 9 m)
Fall Foliage: Bright-red

Crown Shape: Dense oval
Hardiness: Zone 3/4

A popular cultivar noted for its rapid growth, ascending branches and ability to grow in most soils. A hybrid between Red and Silver Maple with red fall colour in mid October.

Sienna Glen® Freeman Maple

Acer x freemanii 'Sienna'

Mature Size: 40' x 30' (12 x 9 m)
Fall Foliage: Bright-red

Crown Shape: Pyramidal
Hardiness: Zone 3/4

A cold hardy Minnesota selection of this hybrid species. Resistant to sunscald and frost cracking. Red fall colour in mid October.

Deborah Norway Maple

Acer platinoides 'Deborah'

Mature Size: 40' x 30' (23 x 12 m)
Spring Foliage: Purple

Crown Shape: Broadly oval
Hardiness: Zone 4

Collector tree for the prairie gardener. Shows vigorous growth while retaining a central leader. Purple spring foliage turns bronze green in summer. Requires a sheltered site in the prairies.

Autumn Spire® Red Maple

Acer rubrum 'Autumn Spire'

Mature Size: 50' x 25' (12 x 8 m)
Fall Foliage: Bright, red

Crown Shape: Broad, columnar
Hardiness: Zone 3

Seedless cultivar from the University of Minnesota. Outstanding red fall colour in mid September. Prefers acidic soils, soil amendment required in regions with high pH.

Scarlet Jewel® Red Maple

Acer rubrum 'Bailcraig'

Mature Size: 50' x 25' (12 x 8 m)
Fall Foliage: Crimson

Crown Shape: Upright, oval
Hardiness: Zone 3

New listing for 2010. A seedless red maple selected in northern Minnesota by Terry Schwartz. Outstanding red fall colour. Prefers acidic soils, soil amendment required in regions with high pH.

Clump Amur Maple

Boxelder Maple

Autumn Blaze® Freeman Maple

Sienna Glen® Freeman Maple

Deborah® Norway Maple

Scarlet Jewel® Red Maple

Silver Cloud® Silver Maple

Unity® Sugar Maple

Autumn Splendor Buckeye

Dakota Pinnacle® Asian White Birch

Acer - Maple

Silver Cloud® Silver Maple

Acer saccharinum 'Silver Cloud'

Mature Size: 60' x 30' (18 x 9 m)
Fall Foliage: Yellow

Crown Shape: Upright, oval
Hardiness: Zone 3

This male selection has improved cold hardiness, an upright crown and symmetrical branching. A fast-growing yet durable shade tree for the southern prairies. Prairie Shade Nursery introduction.

Fall Fiesta® Sugar Maple

Acer saccharum 'Bailista'

Mature Size: 40' x 30' (12 x 9 m)
Fall Foliage: Orange-red

Crown Shape: Upright, rounded
Hardiness: Zone 4

A superior selection of Sugar Maple from Bailey Nurseries. Glossy, deep green foliage turns orange in fall. Requires a sheltered site in zone 3. USPP #11,119

Green Mountain Sugar Maple

Acer saccharum 'Green Mountain'

Mature Size: 40' x 30' (12 x 9 m)
Fall Foliage: Orange-red

Crown Shape: Broad, oval
Hardiness: Zone 3/4

The most widely planted Sugar Maple in the U.S. with reliable cold hardiness and orange-red fall colour. Thick leathery leaves offer good scorch resistance.

Unity® Sugar Maple

Acer saccharum 'Jefcan'

Mature Size: 40' x 30' (12 x 9 m)
Fall Foliage: Orange-yellow

Crown Shape: Upright, rounded
Hardiness: Zone 3

A cold hardy selection of Canada's national tree with yellow-orange fall colour. Prefers rich, well drained soil and a sheltered location. Jeffries Nurseries introduction.

Hot Wings® Tatarian Maple

Acer tataricum 'GarAnn'

Mature Size: 20' x 18' (7 x 6 m)
Fall Foliage: Orange-red

Crown Shape: Upright, spreading
Hardiness: Zone 2/3

An excellent small tree, this recent selection of Tatarian Maple offers dark green foliage and bright red samaras. Tolerant of drought and alkaline soils. USPP #15,023

Aesculus - Buckeye

Ohio Buckeye

Aesculus glabra

Mature Size: 40' x 30' (12 x 9 m)
Fall Foliage: Orange-red

Crown Shape: Rounded
Hardiness: Zone 2

Long lived, slow-growing tree with globe-shaped head. Compound foliage develops excellent orange-red fall colour in mid September. Nuts attract wildlife.

Autumn Splendor Buckeye

Aesculus x 'Autumn Splendor'

Mature Size: 35' x 25' (9 x 8 m)
Fall Foliage: Maroon-red

Crown Shape: Oval to rounded
Hardiness: Zone 3

New listing for 2010. Hybrid buckeye from the University of Minnesota Landscape Arboretum. Scorch-resistant foliage turns maroon-red in the fall. Yellow-red flowers give rise to prickly nuts.

Alnus - Alder

Prairie Horizon® Alder

Alnus hirsuta 'Harbin'

Mature Size: 40' x 30' (12 x 9 m)
Fall Foliage: Yellow

Crown Shape: Upright
Hardiness: Zone 2/3

A new cold hardy tree for difficult, dry locations. Dark green foliage, purple catkins followed by brown strobiles in fall. NDSU introduction.

Betula - Birch

Cutleaf Weeping Birch

Betula pendula laciniata

Mature Size: 40' x 25' (12 x 8 m)
Fall Foliage: Bright-yellow

Crown Shape: Weeping
Hardiness: Zone 2

A graceful, white barked tree with fine, lacy foliage on long, drooping branches. Prefers abundant moisture.

Dakota Pinnacle Asian White Birch

Betula platyphylla 'Fargo'

Mature Size: 30' x 8' (10 x 3 m)
Fall Foliage: Golden-yellow

Crown Shape: Very upright
Hardiness: Zone 3

New listing for 2010. Columnar selection of Asian White Birch with dense foliage and chalk white bark. Resistant to Bronze Birch Borer. NDSU introduction.

Betula - Birch

Paper Birch

Betula papyrifera

Mature Size: 40' x 30' (12 x 9 m) **Crown Shape:** Oval, rounded
Fall Foliage: Golden-yellow **Hardiness:** Zone 2

An attractive native tree grown as a single stem specimen. As the tree matures the brown bark peels off and a chalk-white coloured bark appears. Prefers abundant moisture.

Prairie Dream® Paper Birch

Betula papyrifera 'Varen'

Mature Size: 40' x 30' (12 x 9 m) **Crown Shape:** Broad oval
Fall Foliage: Golden-yellow **Hardiness:** Zone 2

A stress tolerant selection of Paper Birch from North Dakota with resistance to Bronze Birch Borer. Exfoliating, snow-white bark. NDSU introduction.

Caragana - Caragana

Warrior Caragana

Caragana arborescens 'Durwoth'

Mature Size: 15' x 6' (5 m x 2 m) **Crown Shape:** Upright
Fall Foliage: Golden-yellow **Hardiness:** Zone 2

A small tree with upright form and yellow flowers. Excellent privacy screen. Tolerant to salt, drought. A Prairie Shade Nursery introduction.

Celtis - Hackberry

Delta Hackberry

Celtis occidentalis

Mature Size: 50' x 40' (15 x 12 m) **Crown Shape:** Spreading, rounded
Fall Foliage: Golden-yellow **Hardiness:** Zone 2

A rare, native species sourced from Delta, Manitoba. Hackberry has a growth form similar to American Elm and is a suitable tree for extreme city conditions. Bark is corky and rough.

Cornus - Pagoda Dogwood

Pagoda Dogwood Treeform

Cornus alternifolia

Mature Size: 20' x 20' (6 x 6 m) **Crown Shape:** Horizontal branching
Fall Foliage: Maroon red **Hardiness:** Zone 3

New listing for 2010. A unique small tree with attractive horizontal branching pattern. White spring flowers are followed by blue-black fruit. Outstanding feature tree for confined urban landscapes.

Crataegus - Hawthorn

Snowbird Hawthorn

Crataegus x mordenensis 'Snowbird'

Mature Size: 15' x 15' (5 m x 5 m) **Crown Shape:** Upright, rounded
Flowers: Double-white **Hardiness:** Zone 3

A seedling of 'Toba' with improved cold hardiness. Known for its double white flowers and sparse fruit. Introduced by the Morden Research Station in 1967.

Toba Hawthorn

Crataegus x mordenensis 'Toba'

Mature Size: 15' x 15' (5 m x 5 m) **Crown Shape:** Upright, rounded
Flowers: White, then pink **Hardiness:** Zone 3

Fragrant, double white flowers turn pink with time. Glossy, disease resistant foliage. Introduced by the Morden Research Station.

Fraxinus - Ash

Fallgold Black Ash

Fraxinus nigra 'Fallgold'

Mature Size: 50' x 20' (15 x 6 m) **Crown Shape:** Upright
Fall Foliage: Golden-yellow **Hardiness:** Zone 2

Seedless cultivar with leaves that drop 1-2 weeks later than the native Black Ash. Adaptable to a wide range of soils when grafted on Green Ash rootstock. Selected by Dr. Wilbert Ronald.

Green Ash

Fraxinus pennsylvanica

Mature Size: 60' x 30' (18 x 9 m) **Crown Shape:** Upright, rounded
Fall Foliage: Golden-yellow **Hardiness:** Zone 2

An excellent native tree for streets and shelterbelts because it is long-lived and drought resistant. Well adapted to soil conditions in the prairies.

Mancana Manchurian Ash

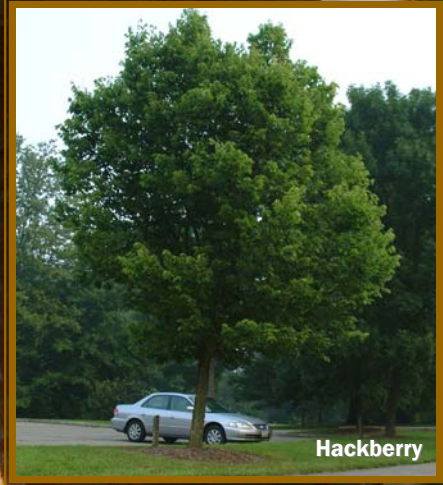

Fraxinus mandshurica 'Mancana'

Mature Size: 40' x 25' (12 x 7 m) **Crown Shape:** Oval
Fall Foliage: Golden **Hardiness:** Zone 3

The feather-like leaves, dense compact canopy and oval form make this one of our most attractive trees. It is tolerant to a range of soil conditions. Seedless.

Prairie Dream® Paper Birch

Hackberry

Snowbird Hawthorn

Fallgold Black Ash

Northern Treasure Hybrid Ash

Prairie Spire® Green Ash

Northern Acclaim® Honeylocust

Black Walnut

Butternut

Fraxinus - Ash

Northern Gem Hybrid Ash

Fraxinus x 'Northern Gem'

Mature Size: 50' x 40' (15 x 12 m)
Fall Foliage: Golden

Crown Shape: Broad, oval
Hardiness: Zone 2

A breakthrough in Ash breeding which combines the native Black Ash with the Manchurian Ash. Cross made by Dr. Wilbert Ronald at Morden Research Centre in 1969. Seedless.

Northern Treasure Hybrid Ash

Fraxinus x 'Northern Treasure'

Mature Size: 50' x 30' (15 x 9 m)
Fall Foliage: Golden

Crown Shape: Upright
Hardiness: Zone 2

Parentage similar to 'Northern Gem', but the form is more oval-shaped. Cold hardy and disease resistant. Morden Research Centre introduction. Seedless. U.S. P.P. 11840

Patmore Green Ash

Fraxinus pennsylvanica 'Patmore'

Mature Size: 60' x 35' (18 x 11 m)
Fall Foliage: Golden

Crown Shape: Oval-shaped
Hardiness: Zone 2

This seedless cultivar of Green Ash has a strong central leader and retains its leaves longer than other selections. The late Mr. Dick Patmore selected this tree in Vegreville, AB. U.S.P.P. #4684.

Northern Blaze® White Ash

Fraxinus americana 'Jefnor'

Mature Size: 50' x 25' (15 x 7 m)
Fall Foliage: Maroon

Crown Shape: Upright, rounded
Hardiness: Zone 2

A seedless selection of white ash from a seedling population grown by Dr. Wilbert Ronald. This cultivar has shown no winter damage in Manitoba for 20 years. A Jeffries Nurseries introduction

Prairie Spire® Green Ash

Fraxinus pennsylvanica 'Rugby'

Mature Size: 60' x 30' (18 x 9 m)
Fall Foliage: Golden

Crown Shape: Upright, oval-shaped
Hardiness: Zone 2

A seedless Green Ash selected by Dr. Dale Herman for cold hardiness and survival under harsh conditions. Attractive foliage is glossy and deep green. NDSU Introduction.

Summit Green Ash

Fraxinus pennsylvanica 'Summit'

Mature Size: 60' x 30' (18 x 9 m)
Fall Foliage: Golden

Crown Shape: Upright
Hardiness: Zone 2

A seedless selection of Green Ash with upright branching, oval-shaped crown and good foliage. Tends to show its golden colour early in the fall.

Gleditsia - Honeylocust

Northern Acclaim® Honeylocust

Gleditsia triacanthos 'Harve'

Mature Size: 30' x 20' (9 m x 6 m)
Fall Foliage: Golden

Crown Shape: Open, spreading
Hardiness: Zone 3/4

A thornless, seedless cultivar from NDSU selected for superior winter hardiness. Tolerant of heat and drought. Select a protected planting site for best success.

Gymnocladus - Kentucky Coffee Tree

Kentucky Coffee Tree

Gymnocladus dioica

Mature Size: 30' x 20' (9 m x 6 m)
Fall Foliage: Golden

Crown Shape: Open, spreading
Hardiness: Zone 4

A collector tree for the southern prairies. Deeply furrowed bark and stout branches create a unique winter effect. Tolerant of alkaline soil, salt and drought. Requires a protected site.

Juglans - Walnut

Black Walnut

Juglans nigra

Mature Size: 45' x 30' (14 x 9 m)
Fall Foliage: Light-yellow

Crown Shape: Oval to rounded
Hardiness: Zone 3

An attractive tree whose natural range reaches central Minnesota, it is suitably adapted to well-drained, sheltered locations in the prairies. Large compound leaves and round edible nuts.

Butternut

Juglans cinerea

Mature Size: 45' x 30' (14 x 9 m)
Fall Foliage: Light-yellow

Crown Shape: Broad globe-shaped
Hardiness: Zone 2/3

Differs from Black Walnut in that it has oblong fruit, and bark that is lighter in colour and much smoother. Well adapted to well-drained prairie soils.

Malus - Ornamental Crabapple

Dolgo Crabapple

Malus x 'Dolgo'

Mature Size: 30' x 20' (10 x 6 m)
Flowers: White

Crown Shape: Open, spreading
Hardiness: Zone 2

A crabapple with many ornamental features. Well known for its showy white blooms in spring followed by brilliant crimson fruit.

Gladiator® Rosybloom Crabapple

Malus x adstringens 'Durleo'

Mature Size: 20' x 9' (6 m x 3 m)
Flowers: Pink

Crown Shape: Upright
Hardiness: Zone 2

An attractive rosybloom with glossy purple leaves, pink flowers, small purple ornamental fruit, and an upright crown form. Selected by Rick Durand of Prairie Shade Nursery.

Kelsey Rosybloom Crabapple

Malus x adstringens 'Kelsey'

Mature Size: 20' x 15' (6 m x 5 m)
Flowers: Double, pink

Crown Shape: Upright, rounded
Hardiness: Zone 2

One of the few hardy rosyblooms with large semi-double, pink flowers. The foliage is copper-green; dark purple fruit is persistent.

Pink Spires Rosybloom Crabapple

Malus x adstringens 'Pink Spires'

Mature Size: 20' x 12' (6 m x 4 m)
Flowers: Lavender-pink

Crown Shape: Narrow, upright
Hardiness: Zone 2

This upright grower has red-purplish foliage in spring. The flowers are lavender-pink in colour and the fruit is red and persistent. Developed by Les Kerr.

Purple Spire® Rosybloom Crabapple

Malus x adstringens 'Jefspire'

Mature Size: 15' x 6' (5 m x 2 m)
Flowers: Rose-pink (few)

Crown Shape: Columnar
Hardiness: Zone 3

The newest member of the Dreamweaver series of ornamental crabapples, Purple Spire is outstanding for its compact, columnar form and showy purple foliage.

Royal Beauty Rosybloom Crabapple

Malus x adstringens 'Royal Beauty'

Mature Size: 9' x 9' (3 m x 3 m)
Flowers: Rose-pink

Crown Shape: Weeping
Hardiness: Zone 3

An attractive weeping tree with pink flowers and red-bronze leaves. Small dark-red fruit remain on the tree throughout the winter months.

Selkirk Rosybloom Crabapple

Malus x adstringens 'Selkirk'

Mature Size: 25' x 25' (8 m x 8 m)
Flowers: Pink

Crown Shape: Rounded, vase-like
Hardiness: Zone 2

A vigorous grower with pink flowers and bronze-green foliage. Bright-red fruit is retained well into winter. Resistant to fireblight.

Shaughnessy Cohen Rosybloom Crabapple

Malus x adstringens 'Shaughnessy Cohen'

Mature Size: 25' x 20' (8 m x 6 m)
Flowers: Fuchsia-pink

Crown Shape: Rounded
Hardiness: Zone 2

One of the first crabapples to leaf in the spring, Shaughnessy Cohen offers red tinted foliage and outstanding flowers. A Morden Research Station introduction.

Spring Snow Crabapple

Malus x 'Spring Snow'

Mature Size: 25' x 15' (8 m x 5 m)
Flowers: White

Crown Shape: Rounded
Hardiness: Zone 3

An attractive tree with fragrant, white flowers in the spring and glossy green foliage throughout the growing season. This cultivar does not produce fruit.

Starlite® Crabapple

Malus x 'Jefstar'

Mature Size: 25' x 15' (8 m x 5 m)
Flowers: White

Crown Shape: Upright
Hardiness: Zone 2

Derived from a cross between 'Dolgo' and 'Rosthern', Starlite has fragrant white flowers, glossy green foliage and tiny red fruit. Outstanding resistance to apple scab.

Thunderchild Rosybloom Crabapple

Malus x adstringens 'Thunderchild'

Mature Size: 20' x 15' (6 m x 5 m)
Flowers: Rose-pink

Crown Shape: Upright, spreading
Hardiness: Zone 2

A flowering crabapple with oval crown and leaves that turn deep purple during the growing season. Small red fruit in late summer. Resistant to fireblight.

Dolgo Crabapple

Gladiator® Crabapple

Pink Spires Crabapple

Starlite® Crabapple

Thunderchild Crabapple

Amur Corktree

DN2 Poplar

Prairie Sky Poplar

Sabre Aspen

Phellodendron - Corktree

Amur Corktree *Phellodendron amurense*

Mature Size: 40' x 30' (13 x 10 m) **Crown Shape:** Spreading
Fall Foliage: Yellow **Hardiness:** Zone 3

A unique tree of Asian origin named for its thick corky bark. Scented compound foliage is accented with bunches of dark blue fruit. An attractive tree for urban landscapes.

Populus - Poplar / Aspen

Assiniboine Poplar *Populus x 'Assiniboine'*

Mature Size: 60' x 25' (18 x 8 m) **Crown Shape:** Semi-upright
Fall Foliage: Yellow **Hardiness:** Zone 2

This seedless clone has a rapid growth rate and a fairly narrow crown. It is resistant to stem canker, leaf rust and poplar bud gall mite.

DN2 Poplar *Populus x canadensis 'DN2'*

Mature Size: 80' x 30' (24 x 9 m) **Crown Shape:** Upright
Fall Foliage: Yellow **Hardiness:** Zone 3

A seedless hybrid from a cross between *Populus deltoides* and *Populus nigra*. Can grow from 5 to 8 feet per year. Excellent choice for windbreaks.

Escot Poplar *Populus x 'Escot'*

Mature Size: 50' x 40' (15 x 12 m) **Crown Shape:** Columnar
Fall Foliage: Golden yellow **Hardiness:** Zone 2

Hybrid poplar with narrow form. Selected for resistance to bronze leaf disease which will attack Tower Poplar and Swedish Columnar Aspen. PFRA introduction.

Northwest Poplar *Populus x jaackii 'Northwest'*

Mature Size: 50' x 40' (15 x 12 m) **Crown Shape:** Broad, oval
Fall Foliage: Golden yellow **Hardiness:** Zone 2

A fast-growing, seedless tree with large leaves. Valued as a shelterbelt tree due its hardiness and drought tolerance. Best growth on moist soils.

Okanese Poplar *Populus x 'Okanese'*

Mature Size: 60' x 25' (18 x 8 m) **Crown Shape:** Semi-upright
Fall Foliage: Golden yellow **Hardiness:** Zone 2

A fast-growing tree (1 m per year) from a cross between 'Walker' and *P. petrowskyana* made at PFRA. Dense, dark-green foliage. Seedless.

Prairie Sky Poplar *Populus x canadensis 'Prairie Sky'*

Mature Size: 80' x 12' (24 x 4 m) **Crown Shape:** Narrow, upright
Fall Foliage: Yellow **Hardiness:** Zone 3

A seedless selection with upright form derived from a cross between *P. deltoides* and *P. nigra* 'Thevistina'. Very fast growing and long-lived. Resistant to stem canker and leaf rust.

Sabre® Largetooth Aspen *Populus grandidentata 'Durman'*

Mature Size: 40' x 25' (12 x 8 m) **Crown Shape:** Narrow, open
Fall Foliage: Golden-yellow **Hardiness:** Zone 3

A seedless selection of native, large tooth aspen with smooth bark, balanced branch structure and attractive leaves that flutter in the wind. Prairie Shade Nursery introduction.

Skyfest Poplar *Populus deltoides 'Jefcot'*

Mature Size: 80' x 30' (24 x 9 m) **Crown Shape:** Upright
Fall Foliage: Yellow **Hardiness:** Zone 2

A seedless cottonwood selected for its high disease resistance, vigour and upright growth form. Excellent for naturalizing and parks. Introduced by Jeffries Nurseries.

Swedish Columnar Aspen *Populus tremula 'Erecta'*

Mature Size: 35' x 4' (10 x 1.5 m) **Crown Shape:** Columnar
Fall Foliage: Yellow-bronze **Hardiness:** Zone 2

This seedless tree is extremely hardy and can grow in a variety of soils and moisture conditions. The narrow form makes it well suited for planting as an accent or screen.

Hardiness Zone Map see page 89

Populus - Poplar / Aspen

Tower Poplar *Populus x canadensis* 'Tower'

Mature Size: 40' x 6' (12 m x 2 m)	Crown Shape: Columnar
Fall Foliage: Insignificant	Hardiness: Zone 3

A seedless, disease resistant and fast-growing tree with striking columnar growth habit. Developed at the Morden Research Station by Dr. Wilbert Ronald.

Trembling Aspen *Populus tremuloides*

Mature Size: 50' x 30' (15 x 9 m)	Crown Shape: Pyramidal-rounded
Fall Foliage: Golden-yellow	Hardiness: Zone 1

Native tree noted for white bark and green foliage which quivers in the breeze. Attractive greenish white bark. Golden fall colour.

Prunus - Cherry

Goldspur® Amur Cherry *Prunus maackii* 'Jefspur'

Mature Size: 15' x 10' (5 m x 3 m)	Crown Shape: Upright
Flowers: White racemes	Hardiness: Zone 2

A dwarf selection of Amur Cherry with controlled growth and unique tufts of dark green foliage. Discovered by Dr. Philip Ronald of Jeffries Nurseries. PBRAF, USPPAF

Goldrush® Amur Cherry *Prunus maackii* 'Jefree'

Mature Size: 25' x 20' (8 m x 6 m)	Crown Shape: Rounded
Flowers: White racemes	Hardiness: Zone 2

A fast growing hybrid cultivar selected for improved resistance to frost cracking. Dark green foliage and attractive coppery-orange bark that flakes off.

Shubert Chokecherry *Prunus virginiana* 'Shubert'

Mature Size: 25' x 20' (8 m x 6 m)	Crown Shape: Oval, rounded
Flowers: White racemes	Hardiness: Zone 2

This classic cultivar of the native chokecherry has leaves that are green when young but turn dark-purple as summer progresses. More resistant to black knot than Canada Red.

Spur Shubert Chokecherry *Prunus virginiana* 'Spur Shubert'

Mature Size: 20' x 15' (8 m x 5 m)	Crown Shape: Oval, rounded
Flowers: White racemes	Hardiness: Zone 2

Small, oval-shaped tree. White flowers in spring followed by purple foliage in summer.

Prunus - Plum

Muckle Hybrid Plum *Prunus x nigrella* 'Muckle'

Mature Size: 15' x 10' (5 m x 3 m)	Crown Shape: Upright, rounded
Flowers: Pink	Hardiness: Zone 2

A small tree with outstanding spring flowers. The flowers are a showy bright pink, emerging from bright red flower buds. A hybrid between Canada Plum and Russian Almond.

Princess Kay Plum *Prunus nigra* 'Princess Kay'

Mature Size: 15' x 10' (5 m x 3 m)	Crown Shape: Upright, narrow
Flowers: Double white	Hardiness: Zone 2

A hardy selection of native plum from the University of Minnesota. Showy, double white flowers. Excellent feature tree in the home landscape.

Quercus - Oak

Bur Oak *Quercus macrocarpa*

Mature Size: 80' x 60' (24 x 18 m)	Crown Shape: Rounded, open
Fall Foliage: Golden to brown	Hardiness: Zone 2

A native to Manitoba, Bur Oak is slow growing, long-lived, adaptable to a wide range of soils and is very tolerant to drought.

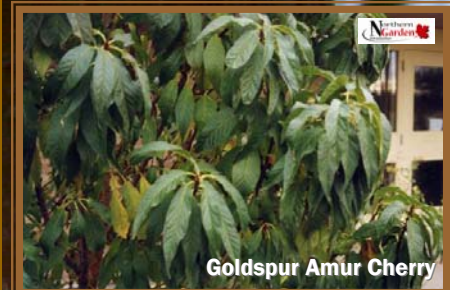

Northern Pin Oak *Quercus ellipsoidalis*

Mature Size: 60' x 40' (18 x 12 m)	Crown Shape: Broad, oval
Fall Foliage: Red	Hardiness: Zone 3

A native to north-central United States, Northern Pin Oak is slow growing, long-lived, and tolerant of alkaline soils. This species has attractive bristled leaves and red fall colour.

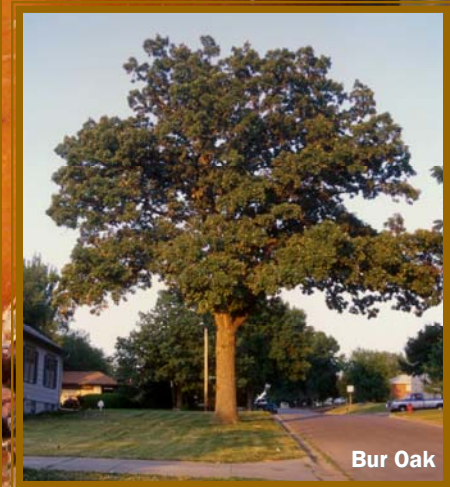

Tower Poplar

Goldspur Amur Cherry

Princess Kay Plum

Bur Oak

Northern Pin Oak

Prairie Cascade Weeping Willow

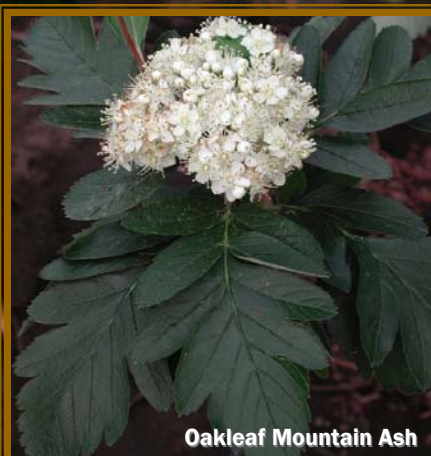

Silky White Willow

European Mountain Ash

Showy Mountain Ash

Oakleaf Mountain Ash

Salix - Willow

Acute Leaf Willow

Salix acutifolia

Mature Size: 60' x 30' (18m x 9 m)
Twig Colour: Red-brown

Crown Shape: Upright, rounded
Hardiness: Zone 2

One of the best shelterbelt trees because it is fast-growing and does not drop its branches as easily as other willows. Foliage is green and stems are reddish-brown.

Golden Willow

Salix alba 'Vitellina'

Mature Size: 60' x 30' (18m x 9 m)
Twig Colour: Golden

Crown Shape: Upright, rounded
Hardiness: Zone 2

The fastest growing of the willows. Its branches turn colour from bright yellow to golden as they mature and are very attractive in the winter.

Laurel Leaf Willow

Salix pentandra

Mature Size: 60' x 30' (18 x 9 m)
Twig Colour: Red-brown

Crown Shape: Upright, rounded
Hardiness: Zone 2

An excellent tree for a quick privacy screen or as a shelterbelt. Grows well in moist locations. Attractive leathery, glossy-green leaves. This willow can be maintained as a shade tree.

Prairie Cascade Weeping Willow

Salix x 'Prairie Cascade'

Mature Size: 40' x 30' (12 x 9 m)
Fall Foliage: Golden-yellow

Crown Shape: Weeping
Hardiness: Zone 3

The hardiest weeping willow for the prairies. Glossy, dark green leaves in summer and golden stem colour in the winter. Prefers moist soils.

Silky White Willow

Salix alba 'Sericea'

Mature Size: 60' x 30' (18 x 9 m)
Summer Foliage: Silver

Crown Shape: Narrow, open
Hardiness: Zone 2

A fast growing tree with silvery leaves and reddish-brown twigs. The only large shelterbelt tree for the prairies with silver foliage.

Sorbus - Mountain Ash

Black Hawk Mountain Ash

Sorbus aucuparia 'Black Hawk'

Mature Size: 25' x 20' (8 m x 6 m)
Fall Foliage: Orange-red

Crown Shape: Upright, rounded
Hardiness: Zone 3

This hardy selection of European Mountain Ash has more resistance to sun scald. White blooms give way to orange fruit in late summer.

European Mountain Ash

Sorbus aucuparia

Mature Size: 25' x 20' (8 m x 6 m)
Fall Foliage: Orange-red

Crown Shape: Upright, rounded
Hardiness: Zone 3

Large panicles of creamy-white flowers are followed by orange-red berries in late summer. The foliage turns red in the fall. Prefers a well drained and slightly shaded location.

Russian Mountain Ash

Sorbus aucuparia 'Rossica'

Mature Size: 25' x 20' (8 m x 6 m)
Fall Foliage: Orange-red

Crown Shape: Upright, pyramidal
Hardiness: Zone 2

A cold hardy selection of European Mountain Ash with a dense, upright crown, showy fruit and large, dark green leaves with more regular teeth.

Showy Mountain Ash

Sorbus decora

Mature Size: 25' x 20' (8 m x 6 m)
Fall Foliage: Orange-red

Crown Shape: Rounded
Hardiness: Zone 2

The hardiest and slowest growing member of this genus. Its foliage and flowers are similar to European, but berries are bright red. Moderate resistance to fireblight.

Oakleaf Mountain Ash

Sorbus thuringiaca 'Fastigiata'

Mature Size: 25' x 20' (8 m x 6 m)
Fall Foliage: Orange-red

Crown Shape: Upright, oval
Hardiness: Zone 3

An outstanding ornamental tree for the prairies. Unique, oak-shaped leaves are green with a white underside. Creamy-white flowers are followed by red berries. Excellent disease resistance.

Syringa - Tree Lilac

Golden Eclipse Tree Lilac

Syringa reticulata 'Golden Eclipse'

Mature Size: 20' x 15' (6 m x 5 m)
Flowers: White, fragrant

Crown Shape: Compact, upright
Hardiness: Zone 3

An introduction from J.C. Bakker Nurseries. Golden-yellow and green variegated foliage combined with creamy-white, fragrant flowers that bloom in late June.

Ivory Silk Tree Lilac

Syringa reticulata 'Ivory Silk'

Mature Size: 20' x 15' (6 m x 5 m)
Flowers: White, fragrant

Crown Shape: Compact, oval
Hardiness: Zone 3

This small tree has cherry-like bark, glossy foliage and spectacular creamy-white, fragrant flowers that bloom in June. No disease or insect problems. A Sheridan Nursery introduction.

Golden Eclipse Tree Lilac

Tilia - Linden

American Linden

Tilia americana

Mature Size: 60' x 40' (18 x 12 m)
Fall Foliage: Golden

Crown Shape: Pyramidal to round
Hardiness: Zone 2

This native tree is highly regarded on the prairies for its large leaves, fragrant flowers and broad crown. Adapted to many soils, but will not tolerate drought.

Dropmore Hybrid Linden

Tilia x flavescens 'Dropmore'

Mature Size: 50' x 30' (15 x 9 m)
Fall Foliage: Golden

Crown Shape: Broad, pyramidal
Hardiness: Zone 2

A hybrid of American and Littleleaf Lindens that is characterized by dark green foliage and a dense, pyramidal crown. Offers superior growth and cold hardiness over Littleleaf Linden.

Glenleven Hybrid Linden

Tilia x flavescens 'Glenleven'

Mature Size: 40' x 30' (12 x 9 m)
Fall Foliage: Golden

Crown Shape: Broad, pyramidal
Hardiness: Zone 3

A fast growing hybrid with a straight trunk and large leaves. Attractive pyramidal form. Golden fall foliage colour. Developed by Sheridan Nursery.

Golden Cascade Linden

Tilia cordata 'Golden Cascade'

Mature Size: 40' x 25' (12 x 8 m)
Fall Foliage: Golden

Crown Shape: Cascading
Hardiness: Zone 3

This unique introduction offers cascading branches and medium sized leaves. Excellent golden fall foliage. Developed by Jeffries Nurseries Ltd.

Harvest Gold® Linden

Tilia mongolica 'Harvest Gold'

Mature Size: 40' x 25' (12 x 8 m)
Fall Foliage: Golden

Crown Shape: Upright, oval
Hardiness: Zone 3

An outstanding tree known for its upright form, disease-free foliage, golden fall colour and exfoliating bark. Developed by Jeffries Nurseries Ltd. USPP #12232

Norlin® Littleleaf Linden

Tilia cordata 'Ronald'

Mature Size: 50' x 30' (15 x 9 m)
Fall Foliage: Golden

Crown Shape: Broad, pyramidal
Hardiness: Zone 3

A hardy selection of Littleleaf Linden noted for its rapid growth, resistance to leaf spot, leaf gall, and improved resistance to sunscald. Developed by Jeffries Nurseries Ltd. USPP #8239.

Ivory Silk Tree Lilac

Glenleven Hybrid Linden

Harvest Gold Linden

Ulmus - Elm

Brandon Elm

Ulmus americana 'Brandon'

Mature Size: 60' x 40' (15 x 12 m)
Fall Foliage: Golden

Crown Shape: Vase-shaped
Hardiness: Zone 2

A good choice as a large street tree where DED is controlled in a managed program.

Prairie Expedition Elm

Ulmus americana 'Lewis & Clark'

Mature Size: 60' x 40' (15 x 12 m)
Fall Foliage: Golden

Crown Shape: Vase-shaped
Hardiness: Zone 2/3

New listing for 2010. A North Dakota selection of American Elm with a high level of resistance to DED. Classic dark-green foliage and umbrella-shaped crown.

Discovery® Elm

Ulmus davidiana japonica 'Discovery'

Mature Size: 40' x 30' (12 x 9 m)
Fall Foliage: Golden

Crown Shape: Vase-shaped
Hardiness: Zone 3

A hardy Elm for the northern plains selected by Rick Durand of Prairie Shade Nursery. Similar to American Elm in tree form with resistance to Dutch Elm disease and aphids. U.S.P.P. #10558.

Prairie Expedition Elm
