

Ornamental Grasses & Sedges

Warm Season Grasses

Warm season grasses grow most actively during the warmer months, then flower in late summer or fall.

Most go completely dormant in winter. Warm season grasses are not recommended for fall planting. **It is best to receive them from early spring through late summer and pot them up immediately.** If necessary, provide supplemental heat to keep the plants at 60°F or higher to stimulate top growth. Warm season grasses include: **Andropogon, Calamagrostis brachytricha, Hakonechloa, Miscanthus, Panicum, Pennisetum, Schizachyrium, and Sporobolus.**

Cool Season Grasses

Cool season grasses are at their prime during the cooler months of fall, winter, and spring, and usually bloom before the warmer summer weather arrives. Many are evergreen.

Cool season grasses should be received in fall or early spring and be potted up immediately. They will put on the most growth during these cooler months. Though they should be kept from freezing over the winter, they do not require much, if any, supplemental heat. Cool season grasses include: **Calamagrostis acutiflora, Deschampsia, Festuca, and Helictotrichon.**

Sedges

Sedges, or **Carex**, are not true grasses at all, though they certainly look similar. They are actually members of the Cyperaceae family, which includes about 4,000 species worldwide. We offer several varieties of Carex, including variegated and yellow varieties, ground cover and clumping types. Sedges tend to grow more like warm season grasses, so **we recommend receiving them from early spring through late summer rather than in the fall.**

30ct Grass Plugs - New for 2017!

In 2017, we are converting the majority of our large grass plugs to a new 30ct tray. The new tray features a significantly deeper, more cost-effective plug size. We anticipate the deeper plug will give you improved quality and similar performance to our 20ct, all at a lower price point.

Approximate Plug Measurements: 4¼in deep x 2in wide
Minimum order: 1 tray of 30

Andropogon gerardii
'Indian Warrior' PP24999

ANDIW30 (Big Bluestem) This long-lived grass forms a tall, strictly upright clump of green foliage that transitions to red then smoky purple beginning midsummer. Deep purple flowers with bright red-orange pollen.

From Brent Horvath.
5-6ft/LSu/Z3-9/30ct ①

Asexual propagation prohibited.

Calamagrostis acutiflora
'Avalanche'

CALAV30 (Variegated Feather Reed Grass) Variegated form of 'Karl Foerster'. Deep green leaves with a wide, white stripe down the center. Distinctly upright, clumping habit. Excellent for screening or the back of the garden.

4-5ft/ESu/Z4-8/30ct ①

Calamagrostis acutiflora
'Karl Foerster'

CALKFG1, CALKF30, CALKF72 (Feather Reed Grass) A cool season, clumping grass. Compact, erect growth habit. Wheat-like seed heads appear in late spring and last all season long. Does not reseed.

5ft/LSp/Z4-8/G1, 30 & 72ct ①

Calamagrostis acutiflora
'Overdam'

CALOV30, CALOV72 (Variegated Feather Reed Grass) Variegated foliage has bright creamy-white margins which turn white with a pink flush. Strikingly erect, feathery plumes turn tan as they age.

5ft/LSp/Z4-8/30 & 72ct ①

Calamagrostis brachytricha

CALBR30 (Korean Feather Reed Grass) Unlike *C. acutiflora*, this is a warm season grass that blooms later in the summer, even in part shade. Purplish red, fluffy bottlebrush plumes age to greenish tan. Offers rare height for a shade tolerant grass. From Plant Select®.

4ft/LSu-EFa/Z4-9/30ct ⑤

Carex elata 'Bowles Golden'

CARBG30 (Gold Sedge) Bright gold foliage with thin green margins. This selection is taller than most other sedges. It needs constant moisture to thrive. It will grow in shallow water or in garden beds that are watered regularly.

2-3ft/Z5-8/30ct ①

Carex morrowii 'Ice Dance'

CARID30 (Variegated Sedge) Dark green leaves with bright white edges measure ¼ to ½ inch across. Grows in nearly full sun to shade in average to moist soil. A slow to moderate spreader that can be used as a groundcover or in containers.

12-16in/MSp/Z5-9/30ct ①

NEW! Carex oshimensis
EVERCOLOR® 'Everillo' PP21002

CAREO30, CAREO72 (Japanese Sedge) Sport of 'Evergold'. Similar performance to its parent but with a solid gold leaf color. Long, thin arching leaf blades are chartreuse green toward the crown, but turn gold as they are exposed to UV light. Short, tan inflorescence appears just above the foliage.

10-12in/Z5-9/30 & 72ct ①

Asexual propagation prohibited.

Carex siderosticha 'Banana Boat'

Carex siderosticha 'Snow Cap'

Deschampsia cespitosa
'Northern Lights'

Festuca glauca 'Blue Whiskers' PPAF

Festuca glauca 'Elijah Blue'

Hakonechloa macra 'All Gold'

Carex oshimensis 'Evergold'

CAREV30, CAREV72 (Variegated Japanese Sedge) This versatile sedge is beautiful as a spiller in containers, rock gardens, and landscapes. Forms a cascading clump of narrow, creamy yellow leaves with dark green edges. Spreads slowly by rhizomes. Insignificant blooms. Very easy to grow.

1ft/Z5-9/30 & 72ct

Carex siderosticha 'Banana Boat'

CARBB30, CARBB72 (Creeping Broad-leaved Sedge) This showy broad-leaved, deciduous sedge lights up the shade garden with its wide, bright lemon to banana

yellow and green striped leaves. Creeps slowly to form a dense mass of bold foliage. Insignificant flowers.

6-12in/LSp/Z5-9/30 & 72ct

Carex siderosticha 'Snow Cap'

WGI Exclusive

CARSC30 (Creeping Broad-leaved Sedge)

Similar in size and habit to 'Banana Boat'. Nearly all-cream to bright white, wide, strappy leaves with narrow green stripes. Reverse variegation pattern of 'Variegata'. Grows surprisingly well for a plant with so little green. Forms a dense, spreading clump of deciduous foliage. Insignificant flowers.

6-8in/Z5-9/30ct

NEW! *Deschampsia cespitosa* 'Northern Lights'

DESNL30 (Tufted Hair Grass) Thin green leaves have narrow creamy white margins with the variegation taking on very subtle pink-blush tone in cooler temperatures. Light green seed heads pop up slightly above the foliage and age to tan. Best in full sun but tolerates light shade.

12in/MSu-EFa/Z4-9/30ct

Festuca glauca 'Blue Whiskers' PPAF

WGI Introduction

FESBW30, FESBW72 (Blue Fescue) Taller and more vigorous than 'Elijah Blue', with longer leaves and a brighter, silvery blue foliage color. Forms a fully rounded, robust clump with consistent flower coverage. Yellow-green flowers age to tan as the season progresses.

10-12in/ESu-MSu/Z4-8/30 & 72ct

Asexual propagation prohibited.

Festuca glauca 'Elijah Blue'

FESEB30, FESEB72 (Blue Fescue) Soft powdery blue, spiky foliage forms a rounded clump and keeps its color all year. Small, wheat-like seed heads. One of the most durable and long-lived varieties.

8-10in/ESu-MSu/Z4-8/30 & 72ct

Hakonechloa macra 'All Gold'

HAKAG30, HAKAG72 (Hakone Grass) Brilliant solid gold foliage glows in the shade. Compared to 'Aureola', this variety has a more upright habit and increased vigor. Spreads slowly by rhizomes but is not invasive. Reddish brown flowers.

9-14in/LSu-EFa/Z5-9/30 & 72ct

Hakonechloa macra 'Aureola'

Helictotrichon sempervirens

Imperata cylindrica 'Red Baron'

Miscanthus 'Purpurascens'

Miscanthus sinensis 'Autumn Anthem' PP27411

Miscanthus sinensis 'Dixieland'

Miscanthus sinensis 'Encore' PPAF

Hakonechloa macra 'Aureola'

HAKMA30, HAKMA72 (Golden Variegated Hakone Grass) Green and yellow variegated foliage forms a cascading clump like a golden waterfall. Reddish pink fall color. Spreads slowly by rhizomes but is not invasive.

1-2ft/LSu-EFa/Z5-9/30 & 72ct **Ⓛ**

Helictotrichon sempervirens

HELSEG1, HELSE30 (Blue Oat Grass) Dense clumps of blue-gray leaves gently spray upward and arch back downward at the tips. Small, tan seed heads appear on tall stems held well above the foliage. Resembles a tall Festuca.

24-30in/ESu/Z3-8/G1, 30ct **Ⓛ**

Imperata cylindrica 'Red Baron'

IMPRB30, IMPRB72 (Japanese Blood Grass) Popular in the north where it spreads slowly by underground runners to form a thick patch of green leaves with striking blood red tips. Glows nearly all-red in fall; rarely flowers. Spreads more quickly in the south; care should be taken to control its spread there.

18-20in/Z5-9/30 & 72ct **Ⓛ**

See p. 203 for shipping restrictions on Imperata.

Miscanthus 'Purpurascens'

MISPU30 (Flame Grass) Prized for its fantastic fall color, this upright clumping grass starts out grey-green and then takes on brilliant orange and red tones in late summer and fall. Purple plumes emerge in late summer and turn silky white.

4-6ft/LSu/Z4-9/30ct **Ⓛ**

Miscanthus sinensis 'Autumn Anthem' PP27411

WGI Introduction

MISAA30, MISAA72 (Miscanthus) Hybridized and selected for its heavy flower production and perfect habit. Forms a densely rounded clump of dark green leaves with a narrow, white midrib. Feathery, cream plumes are borne prolifically covering the top 1/3 of the plant.

5-5 1/2ft/EFa-MFa/Z5-9/30 & 72ct **Ⓛ**

Asexual propagation prohibited.

Miscanthus sinensis 'Dixieland'

MISDI30 (Miscanthus) A dwarf form of 'Variegatus'; similar green and white variegated foliage but a shorter, more compact growth habit. Does not need staking. Very showy, silky pink plumes. Nice in containers.

4-5ft/LSu/Z5-9/30ct **Ⓛ**

Miscanthus sinensis 'Encore' PPAF

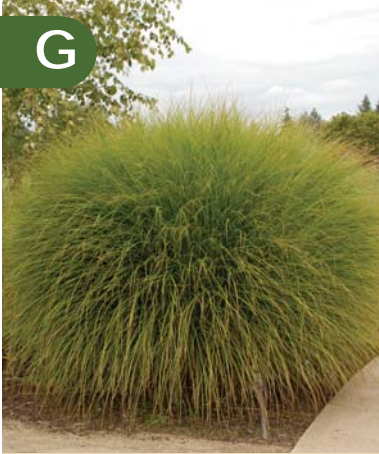

WGI Introduction

MISEN30, MISEN72 (Miscanthus) Perfect choice for northern climates. Earlier bloomer, with a secondary flush of coppery purple plumes before frost hits. Flowers turn to a creamy tan color with age. Forms a tall, upright clump of dark green leaves with white midribs.

6-6 1/2ft/EFa-MFa/Z5-9/30 & 72ct **Ⓛ**

Asexual propagation prohibited.

Miscanthus sinensis
'Gracillimus'

Miscanthus sinensis
'Oktoberfest' PP27074

Miscanthus sinensis 'Strictus'

Panicum virgatum 'Blood Brothers'

New!

Miscanthus sinensis 'Gracillimus'

MISGM30, MISGM72 (Maiden Grass) Beautiful rounded mounds of fine, silver-veined, green leaves with an arching habit. Fan-like plumes emerge with a reddish tint, then age to a soft silvery-white and remain all winter.

5-6ft/EFa/Z5-9/30 & 72ct **D**

Miscanthus sinensis 'Huron Sunrise'

MISHS30, MISHS72 (Miscanthus) The most profusely blooming Miscanthus. Full, burgundy plumes sweep the sky and remain standing through winter. Mid-green leaves with a silver midrib. From Martin Quinn.

5-6ft/LSu/Z4-9/30 & 72ct **D**

Miscanthus sinensis 'Little Zebra' PP13008

MISLZ30, MISLZ72 (Dwarf Zebra Grass) A popular grass, especially in northern regions, since it blooms reliably each year in late summer. Green leaves with distinctive gold banding form a round-

ed, almost ball-shaped clump topped with reddish purple plumes.

3-4ft/LSu/Z5-9/30 & 72ct **D**

Asexual propagation prohibited.

Miscanthus sinensis 'Morning Light'

MISML30, MISML72 (Miscanthus) Distinctively elegant ornamental grass. Very narrow, finely textured leaves have a silvery green appearance and glow when backlit by the sun. Refined upright arching clump is topped with bronze red plumes which age to cream.

4-5ft/MFa/Z5-9/30 & 72ct **D**

Miscanthus sinensis 'Oktoberfest'

PP27074

WGI Exclusive

MISOK30, MISOK72 (Miscanthus) Improved 'Graziella'; better fall color and early blooming. Forms a narrow, upright tower of wide, deep green leaves that develop deep purple and red highlights in late summer to early fall. Shimmering burgundy flowers turn creamy tan as they age. From Gary Trucks.

6-7ft/EFa/Z5-9/30 & 72ct **D**

Asexual propagation prohibited.

Miscanthus sinensis 'Strictus'

MISST30 (Porcupine Grass) Similar green and yellow banded foliage like 'Little Zebra' but a totally different habit. Spiky textured foliage grows strictly upright like porcupine spines, thus the name. Pinkish copper blooms in areas with long growing seasons.

4-6ft/EFa/Z5-9/30ct **D**

NEW! *Panicum virgatum* 'Blood Brothers'

PANBB30, PANBB72 (Red Switch Grass) Blue-green leaves are overshadowed by wine purple coloration, forming a strictly upright habit of foliage. Tan flower heads appear in late summer. A sport of 'Heavy Metal'. From Valleybrook Gardens.

36in/LSu/Z4-9/30 & 72ct **D**

PRAIRIE WINDS® Collection

G

Panicum virgatum PRAIRIE WINDS® 'Apache Rose' PPAF

Panicum virgatum PRAIRIE WINDS® 'Apache Rose' PPAF

WGI Introduction

PANAR30, PANAR72 (Switch Grass) A shorter Panicum with unique rose-colored flower panicles instead of the typical cream or tan. Dense, upright, columnar habit with grey-green leaves. Tips of leaves are flushed with rosy-red in fall. 4ft/LSu/Z4-9/30 & 72ct **D**

All propagation prohibited. Proven Winners® label and container required. Recommended Finish Size: Premium 1-GL

Panicum virgatum PRAIRIE WINDS® 'Cheyenne Sky' PP23209

Panicum virgatum PRAIRIE WINDS® 'Cheyenne Sky' PP23209

WGI Introduction

PANCS30, PANCS72 (Red Switch Grass) Petite red Panicum; ideal for containers. Forms a tight, vase-shaped clump of blue-green foliage that turns wine red in early summer. Purple flowers. From Gary Trucks.

3ft/LSu/Z4-9/30 & 72ct **D**
All propagation prohibited. Proven Winners® label and container required. Recommended Finish Size: Premium 1-GL

Panicum virgatum PRAIRIE WINDS® 'Totem Pole' PPAF

NEW! Panicum virgatum PRAIRIE WINDS® 'Totem Pole' PPAF

WGI Introduction

PANTP30, PANTP72 (Switch Grass) A very upright column of steel blue foliage and powdery blue stems. In early fall, this plant explodes with golden seed panicles. The narrow base of the plant makes it ideal for small spaces in the garden. 6ft/LSu/Z4-9/30 & 72ct **D**

All propagation prohibited. Proven Winners® label and container required. Recommended Finish Size: Premium 1-GL

Panicum virgatum 'Blue Fountain' PPAF

WGI Introduction

PANBF30 (Blue Switch Grass) A very tall grass that stays upright all season long. Blue-green leaves are very wide and strappy. Greenish-tan flower panicles are held on the top two-thirds of the plant, bursting out of the clump. 7ft/LSu/Z4-9/30ct **D**

Asexual propagation prohibited.

Panicum virgatum 'Heavy Metal' PPAF

PANHM30, PANHM72 (Blue Switch Grass) Handsome grass with stiff, metallic blue leaves that form a rigidly upright clump. Delicate pink panicles dance 12-16 in above the foliage. Turns bright yellow in the fall.

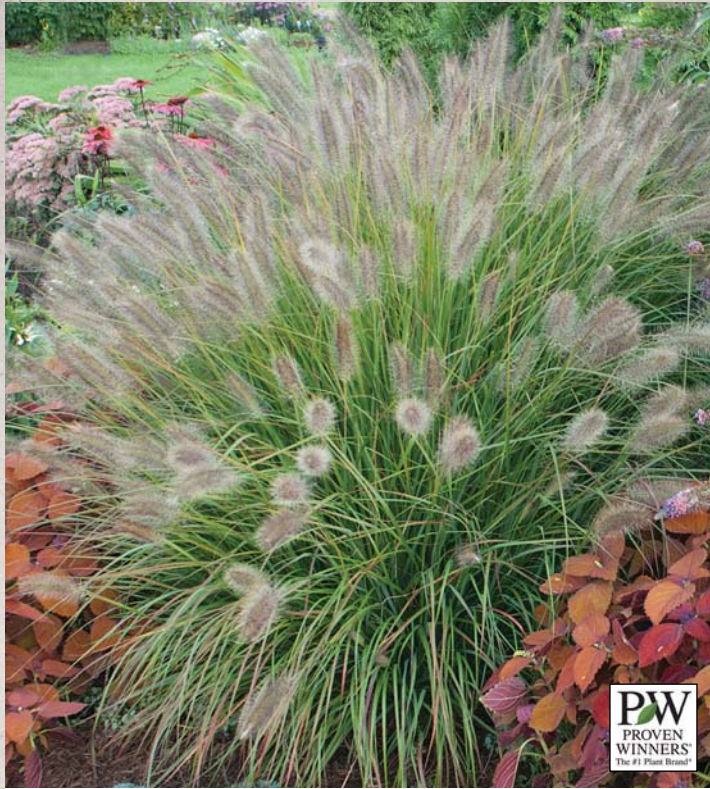

5-6ft/LSu/Z4-9/30 & 72ct **D**

Panicum virgatum 'Blue Fountain' PPAF

**Pennisetum alopecuroides PRAIRIE WINDS®
'Desert Plains' PP20751**

PENDP30, PENDP72 (Fountain Grass) An improvement over 'Hameln' in habit, flowering performance, and fall color. Narrow, green leaves form an upright vase-shaped clump. Showy 5in bottlebrush plumes held above the foliage emerge smoky purple and age to tan. Beautiful fall color. One of our favorites! From Gary Trucks.

3-4ft/EFa/Z5-9/30 & 72ct ①

All propagation prohibited.

Proven Winners® label and container required:

Recommended Finish Size: Premium 1-Gallon

**Panicum virgatum
'Northwind'**

PANNO30, PANNO72 (Upright Switch Grass) A dark green, rigidly upright, clumping grass. Unique flower panicles are held in the middle of the clump rather than arching away from it. Golden yellow foliage in fall. Fast grower.

5-6ft/LSu/Z4-9/30 & 72ct ①

**Panicum virgatum
'Prairie Fire' PP19367**

PANPF30 (Red Switch Grass) A tremendous improvement over older red Panicums. Blue-green foliage begins to turn wine-red by early summer. Rosy flower panicles appear just above the foliage. From Gary Trucks.

4-5ft/LSu/Z4-9/30ct ①

Asexual propagation prohibited.

**Pennisetum alopecuroides
'Burgundy Bunny' PP21917**

PENBB30, PENBB72 (Miniature Fountain Grass) This colorful, petite sport of 'Little Bunny' discovered at Walla Walla Nursery forms a rounded clump of green foliage that starts to turn

red in summer. All-over blazing red fall color until frost. Cream flowers. Excellent in containers.

12-16in/LSu/Z5-9/30 & 72ct ①

Asexual propagation prohibited.

PLANT HAVEN, INC

**Pennisetum alopecuroides
'Hameln'**

PENHA30, PENHA72 (Dwarf Fountain Grass) More compact and shorter than the species. Finely textured, mid-green leaves. Soft greenish-cream panicles appear a few weeks earlier than the species.

2-3ft/MSu/Z5-9/30 & 72ct ①

**Pennisetum alopecuroides
'Little Bunny'**

PENLB30, PENLB72 (Miniature Fountain Grass) Truly miniature grass; forms a petite, rounded mound of finely textured, green foliage. Small bottle-brush-like plumes dance in and just above the foliage in late summer. Good choice for containers, rock gardens, or the front of the border.

16-20in/LSu/Z5-9/30 & 72ct ①

Pennisetum alopecuroides 'Burgundy Bunny' PP21917

Pennisetum alopecuroides 'Red Head'

Pennisetum alopecuroides 'Red Head'

PENRH30, PENRH72 (Red Head Fountain Grass) An early form of red-flowering Pennisetum. Deep purple buds mature to smoky purple plumes that measure 3in wide and 8-10in long. The green foliage turns gold in fall. From Brent Horvath.

4-5ft/MSu-LSu/Z5-9/30 & 72ct **D**

Schizachyrium scoparium BLUE HEAVEN™ ('MinnBlueA' PP17310)

SCHBH30, SCHBH72 (Little Bluestem) Improved selection with a taller, more upright, non-flopping habit. Brighter steel blue foliage with purple highlights turns a colorful mix of purple, red, pink, and orange in fall. Glossy purple panicles. From Mary Meyer.

42-54in/LSu-EFa/Z3-9/30 & 72ct **D**

Asexual propagation prohibited.

Schizachyrium scoparium 'Prairie Blues'

SCHPB30 (Little Bluestem) A seed selection with brighter grey-blue foliage than the species. Forms an upright spreading clump of narrow leaves topped with fluffy silver seed heads in late summer. Pinkish orange fall color. Thrives in hot, dry areas.

3ft/LSu-EFa/Z3-9/30ct **D**

Schizachyrium scoparium BLUE HEAVEN™ ('MinnBlueA' PP17310)

Schizachyrium scoparium 'Smoke Signal' PP27433

Schizachyrium scoparium 'Smoke Signal' PP27433

SCHSS30, SCHSS72 (Little Bluestem) A beautifully refined version of our native cultivar that takes on scarlet red tones in late summer, turning deeper red-purple in fall. Tiny, tan seed heads appear in early fall. Maintains its strictly upright habit through fall without flopping.

3-4ft/EFa/Z3-9/30 & 72ct **D**

Asexual propagation prohibited.

Schizachyrium scoparium 'Twilight Zone' PP27432

SCHTZ30, SCHTZ72 (Little Bluestem) A standout cultivar that possesses a nearly iridescent silvery mauve purple cast all over beginning in midsummer. Retains this color through fall when brighter purple highlights develop. Forms a strictly upright, narrowly columnar clump.

4-4½ft/MFa/Z3-9/30 & 72ct **D**

Asexual propagation prohibited.

Schizachyrium scoparium 'Smoke Signal' PP27433

Helenium 'Red Jewel'

Heliopsis helianthoides var. scabra 'Sunburst'

Heliopsis helianthoides 'Summer Sun'

NEW! Sporobolus heterolepis 'Gone with the Wind'

WGI Introduction

SPOGW30 (Prairie Dropseed) Short, green foliage is topped by wispy, airy and aromatic tan flower panicles. Sways with the wind, creating unique movement in the garden. Foliage takes on red overtones in late fall. Heat and drought tolerant.

36-40in/LSu/Z3-9/30ct ☉

Gypsophila SUMMER SPARKLES® ('ESM Chispa' PP19318)

GYPSSG1, GYPSS72 (Baby's Breath) The gold standard in taller Baby's Breath! Naturally forms a refined, compact, dense, uniform mound of grey-green foliage that becomes completely covered in flowers for months. Bright white, semi-double, slightly fragrant flowers. Does not go summer dormant.

23-27in/LSp-MSu/Z3-9/G1, 72ct ☉

Asexual propagation prohibited.

Helenium 'Red Jewel'

HEL RJG1 (Sneezeweed, Helen's Flower) One of the best native perennials for late season color. Similar to 'Sahin's Early Flowerer', but offers a red and orange color palette rather than orange and gold. Tall stems are great for cutting for fresh bouquets.

30-36in/MSu-EFa/Z4-8/G1 ☉

Heliopsis helianthoides var. scabra 'Sunburst'

HEL SR30 (False Sunflower) Seed selection similar to 'Lorraine Sunshine'. Fabulous cream and green variegated foliage is topped with 2-2½in, golden yellow flowers. Greens up a bit in the heat of summer. Showy in combo containers. From Sahin.

30-36in/MSu-LSu/Z4-9/30ct ☉

Heliopsis helianthoides 'Summer Sun'

HEL SSG1 (False Sunflower) A beautiful, carefree perennial with semi-double, 3in wide, bright gold flowers. Their strong stems make them great for cutting. This selection is very heat tolerant, making it the best choice for southern zones.

36in/MSu-LSu/Z3-9/G1 ☉

Heliopsis helianthoides 'Sunstruck' PP25524

HEL SKG1, HEL SK72 (False Sunflower) More compact habit, more ray florets, and a deeper flower color than 'Lorraine Sunshine'. 2in large, golden yellow flowers appear above the cream and green variegated foliage earlier than typical Heliopsis. From Darwin Perennials.

14-16in/ESu-LSu/Z4-9/G1 & 72ct ☉

Asexual propagation prohibited.

20ct Hellebore Plugs for Fall and Spring Shipping

The 20ct plugs of our HONEYMOON™ and WEDDING PARTY™ Series are excellent crops for fall planting, as they bulk up and develop roots during the fall and winter months if kept above freezing. Also available in the Spring.

Helleborus HONEYMOON™ Series - Mixed

WGI Introduction

HELHO20, HELHO30, HELHO128 (Lenten Rose) A mixture of color strains custom blended at the transplant level for a more evenly distributed mix. Colors in the mix include apricot, black, mauve purple, white, yellow, wine red, and pink. 18-24in/ESp-MSp/Z4-9/20, 30 & 128ct

Helleborus 'French Kiss'

WGI Introduction

HELKI20, HELKI30, HELKI128 (Lenten Rose) 3-3½in, single white flowers lined with raspberry pink that veins in toward the center of the petals. 18-24in/ESp-MSp/Z4-9/20, 30 & 128ct

Helleborus HONEYMOON™ Series - Mixed

Helleborus HONEYMOON™ Series

From Walters Gardens, Inc. hybridizer Hans Hansen, this is a series of single Hellebores. In his breeding work, Hans selects for plants with notable vigor, rich flower colors, and showy floral displays with large numbers of blossoms per plant.

Helleborus 'New York Night'

WGI Introduction

HELNY20, HELNY30, HELNY128 (Lenten Rose) 2½-3in, single flowers with shades of black that include deep grey-purple, jet black, and black-purple. 18-24in/ESp-MSp/Z4-9/20, 30 & 128ct
